

New in 2023, a phone is all you need to be connected with the New England VA Health Connect care team.

VA Health Connect allows you to see a provider where you have internet access using your smartphone, tablet, or computer.

Depending on your symptoms, we may offer to schedule you a virtual appointment later that day.

VA HEALTH CHAT APP provides easy, on-line access to chat with VA staff when you have non-urgent health concerns.

New England
Health Care System

Introducing our
24/7
virtual care service.

VA Health Connect

The Right Care, Right Now.

www.newengland.va.gov

Health Connect is VA's new virtual service that makes it easier for you to get

The Right Care, Right Now.

With VA Health Connect, you can ask questions and find information over the phone whenever works for you, and if necessary, be seen virtually by a VA provider.

With VA Health Connect you can:

- ★ Talk to a provider
- ★ Ask questions about medications
- ★ Refill medications
- ★ Get connected to the mental health team
- ★ Triage with a nursing health advisor
- ★ Schedule, verify, or reschedule primary care appointments
- ★ Receive patient education

Call VA Health Connect toll free at: 1-833-933-1106 or
